Promoting health and well-being

“a healthier, fairer city for all Londoners, where nobody’s health suffers because of who they are or where they live”

Social integration

“There is no more important task in a global city like ours than building successful communities where Londoners of every background feel connected with each other.”

Matthew Ryder

“I’m passionate about fairness and social justice and will ensure that opportunity and prosperity are shared, and that the vulnerable are protected from exploitation.”

Sadiq Khan
