Equality of Opportunity and the Integrated Impact Assessment

The Panel has received the written statements made following the publication of additional information relating to the equalities impact assessment. As we noted in Panel Note 7 we have considered whether any further information or analysis is required to assist us in the examination of relevant matters in the context of the public sector equality duty.

To that end we request that the Mayor:

- Responds to the written statements with particular reference to the case law cited and legal implications, the general points of principle raised about the approach of the equalities impact assessment, and the specific policies referred to; and
- Provide brief separate outlines of the specific implications of the Plan (both positive and negative) for each of the 9 groups with protected characteristics.

This should be submitted by **midday on Thursday 18 April 2019**.
